exciting opportunities.

Green Prescription

The Green Prescription Dietician service is in danger of closing due to the high number of DNAs (did not attend) in the past 6 months.

Please tell your patients the importance of attending their scheduled appointments.

This service has produced some wonderful results and brought about some major lifestyle changes and we would be disappointed to discontinue.

For more information please contact
Kay Lindley on (09) 837 8820 or email
